## Learning

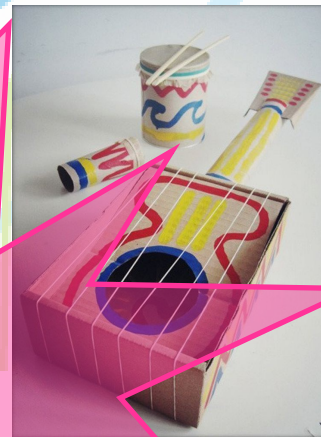

Famous pieces of Art have inspired lots of musicians. Vincent Van Gogh's 'Starry Night' picture inspired Einojuhani Rautavaara, his first movement in Symphony No. 6 is titled 'Starry Night' after the painting.

Why not try doing this the other way around? Play your favourite song, pick up your pencils and paints and draw what you hear! How does the music inspire you?

Can you create your own musical instrument using items from around your house? Try filling an empty tub with rice for a shaker, or using an old cereal box and some elastic bands for your own acoustic guitar!

Do you recognise or know this iconic foursome?

The Beatles are one of the most iconic bands of all time. Listen to some of their songs and find out about their musical journey. There is also a great book based on their song 'The Octopus's Garden'.

Listen to 'Flight of the bumblebees' - <https://www.youtube.com/watch?v=aYAJopwEYv8>

It has a quick 'tempo' (which means the speed of a piece of a music).

Can you imagine a bumblebee flying around at this speed?

Can you find another piece of music with a similar tempo?
