

Maths

This half term we have been learning about money.

- Practise adding 2 amounts of money together.
- Play a shopping game - calculate the amount of change a customer will receive.
- Continue to practise your 3, 4 and 8 times tables.
- Recap your 2, 5 and 10 times tables.

Here are some ideas for home learning. Please post anything you have done onto Google Classroom using your 'wonde' login.

Reading

Please read for at least 20 minutes a day. Choose your favourite place to read and relax with a good book.

Ideas:

Read a book from an author you haven't heard of.
Read to someone at home.
Read online books about our topic.
Build your own reading den.
Research Roald Dahl - the author of our current class book. What else did he write?

Art and Design

Get creative!

- Bake a cake - follow a set of instructions.
- Create a food landscape in the style of Carl Warner.
- Paint or draw your favourite food.

Science

Explore foods!

Classify them... can you remember the five main food groups?

Twinkl.co.uk have made resources for parents to use during school closures!

Writing

Please practise writing, your cursive handwriting and spellings! We will upload the Year 3 spelling list to Google Classroom.

You could:

- Write the story of James Lind.
- Create an acrostic poem about food.
- Get someone to set you a spelling quiz at home!
