

PSHE

Valuing difference

- Understanding our communities
- Learning about our friends, family and neighbours
- Being respectful to our communities
- Celebrating our differences.

Maths

Addition and subtraction

Using various methods to add and subtract 3-digit numbers, including using the column method to solve problems.

Multiplication and division

Revising the 2,5 and 10 times tables, as well as learning the 3,4 and 8 times table and using these to solve multiplication and division problems.

Art/DT

- Creating collages of the rainforest.
- Sketching various animals, focusing on predators.

Geography

Rainforests

- Where are we located in the county and country?
- Where are rainforests located in the world?
- Key map skills
- What is the environment like in a rainforest?
- Which animals can be found in rainforests?

Computing

Information technology

Using powerpoint presentation to create an informative document about predators.
Using TTRS to help us learn times tables.

RE

Judaism

- Looking at where Jewish people pray
- Learning about the Torah
- Jewish culture and traditions
- Yom Kipper
- Rosh Hashanah

Science

Animals including humans

In this topic, we learn how to have a healthy diet. We look at the different food groups and learn about carbohydrates, protein, vitamins, minerals and dairy. Following this, we look at skeletons, including both human and animal skeletons. We look at animals that have endoskeletons, exoskeletons and hydrostatic skeletons. We match animals to their skeletons based on which bones we can see.

Year 3 – Autumn 2

English

Writing

Dilemma stories
Leaflets about different predators
Persuasive writing
Haiku poetry

Reading

Sophie and the Dolphin
Information leaflets
The Polar Express

GPS

Adverbs, adverbial phrases and fronted adverbials
Expanded noun phrases
Commas
Apostrophes

PE

Gymnastics

- Creating different shapes such as a straight, tuck, star, straddle and pike
- Creating different rolls
- Practicing different jumps
- Putting these elements together into a sequence.

Multi-skills

- Ball control in netball, including passing the ball
- Shooting skills
- Mini games of netball to practice the skills learnt.
